

MUHAMMAD ALI CENTER ACCESSIBILITY

Services for Visitors with Mobility Impairments

The Muhammad Ali Center facilities, including restrooms on all levels, are wheelchair and walker accessible. We also offer wheelchairs that may be borrowed, free of charge, from the security desk in our lobby. The Orientation Theater offers designated wheelchair locations and companion seats. Service animals are welcome.

Please note that the accessible entrance (elevator entrance) is located on the street-level, under the main outdoor staircase to the plaza. Security, located just inside the street-level door on the left, will direct you to the elevators inside the building.

Assistive Listening System

Four FM assistive listening systems are available for the Orientation Theater. Please inquire at the Admissions Desk, located in the Main Lobby, to obtain a headset and receiver.

Open Captioning

Open captioning is provided for the following exhibits and multimedia presentations: Journeylines; Confidence, Dedication, Conviction and Spirituality Pavilions; and the films "The Greatest" and "Speed, Power and Grace," both of which focus on Muhammad's career as a boxer.

Braille Signage

Elevators in the Muhammad Ali Center and the adjacent parking garage are equipped with Braille signage. Wayfinding and restroom signage inside the facility are also presented in Braille. For more information about accessibility at the Muhammad Ali Center, please contact info@alicenter.org.
